

Program Guide for This Ruined Place by Michael Lawrence

- This Ruined Place is based on the very real history of the Tyneham Village in southern England. Enhance your regular book discussion with extras. Our website offers a historical letter from the author, Michael Lawrence, as well as a ten minute video that provides a poignant overview of the history of Tyneham. Begin your discussion by reading the letter and/or viewing the video. Discussion questions are available in the back of the book and on our website.
- The editor of the book, who is also a public librarian, is available to do virtual or in person presentations on the history of Tyneham and how the story of This Ruined Place came to be. Contact 8NPublishing@gmail.com for more information.
